

Introduction to Programming: *The Robot*

To get the robot home you need to give him the right commands –be careful, if he touches the wall, he dies!

Number of Commands:

Procedure 1	Procedure 2	Procedure 3																								
Name	Name	Name																								
<table><tr><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td></tr></table>									<table><tr><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td></tr></table>									<table><tr><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td></tr></table>								

Number of Commands:
